## EVIDENCE OF ALLIES' LATENT STRENGTH APPARENT BRITISH COUNTER ATTACK DRIVING GERMANS BACK

Fighting Magnificently British  
Regain Wytschate.

Thousands of Guns of All Cal-  
iber Make Night Hideous  
With Constant Roar.

Most Terrific Artillery Duel of  
the War Raging on British  
Front.

(Associated Press Cable)  
With the British Army in France,  
April 17.—It was reported this  
morning that the British, fighting  
magnificently had regained the  
much contested town of Wytscha-  
ete, although this was not con-  
firmed at the time of filing the  
present dispatch.

At any rate, the desperate ef-  
forts by great forces of the enemy  
yesterday evening and last night  
to exploit his successes about Bail-  
leul and Wytschaete met with a  
costly failure. The battle west of  
Bailleul has been continuous and  
sanguinary.

A tremendous artillery duel is  
raging along the northern battle  
front.

Throughout the night thousands  
of guns of all calibers made the  
war zone hideous with their  
mighty detonations. There was  
no cessation of this protracted  
fencing between the heavy bat-  
teries and this morning the con-  
test was still continuing the vi-  
brations shaking windows 40 to  
50 miles away.

OFFICIALLY CONFIRMED.

(Associated Press Cable)

London, April 17.—The greater  
part of Wytschaete and probably  
all of it is in the hands of the  
British, Major General F. B. Mur-  
rice, chief director of military op-  
erations at the war office, announc-  
ed today.

### HUNS FAILED IN ATTEMPTS TO ADVANCE

Great Battle in Flanders Is  
Going in Favor of British

(Associated Press Cable)  
London, April 17.—The battle in  
Flanders is raging today with fight-  
ing of incredible intensity, telegraph-  
ing the correspondent of Reuters at the  
British Army headquarters. As far  
as the latest reports enable the cor-  
respondent to judge the battle is go-  
ing in favor of the British.

Notwithstanding the desperate at-  
tacks of the Germans they have gained  
no further ground since Tuesday  
morning and apparently they have  
lost some.

During his three years experience  
in the war zone the correspondent  
says he never has heard such terrific  
and unintermittent gunfire as has  
gone on since Tuesday afternoon and  
which continued as he filed his dis-  
patch this morning.

### RECENTLY OF AGE MEN TO REGISTER

By Associated Press Dispatch.  
Washington, April 17.—The Senate  
resolution for registration of men who  
have reached 21 years of age since  
June 5, 1917, was ordered favorably  
reported to the House today.

The registration date would be fixed  
by Presidential proclamation.

### BAKER WAITS FOR AUDIENCE WITH WILSON

Secretary of War Says Ameri-  
can Newspapers Give Much  
Better Account of War than  
Those of Europe.

Alternate Periods of Cheerful-  
ness and Anxiety Must be  
Endured for Some Time Yet,  
He States.

By Associated Press Dispatch.  
Washington, April 17.—Secretary  
Baker, back from a seven-weeks' trip  
to Europe, today called on the Ameri-  
can people for renewed support of the  
war. The Secretary expected to see  
President Wilson some time during  
the day to report on his observations  
abroad.

The impression one gets in France  
is one of determination, confidence  
and enthusiasm, said Mr. Baker.

"The American, British, French and  
Italian armies are filled with this tre-  
mendous spirit and the civilian popu-  
lation shows the same feeling," he  
said.

"So far as the work of our own  
forces is concerned it gives one the  
impression of magnitude, thorough-  
ness and speedy accomplishment. No  
hours of work are being observed, and  
there are no limitations on labor. A  
glimpse of the tremendous extent of  
the American supply facilities, lines of  
communication, warehouses and num-  
erous schools for men and officers re-  
minds one of a gigantic beehive filled  
with energetic men."

He said he had been interested to  
note the extraordinary extent to which  
American newspapers carry the war  
news. European papers, he said, were  
behind those of this country in that  
respect.

Mr. Baker declined to discuss the  
drive on the west front. He said the  
situation had been amply covered by  
Premier Lloyd George when he stated  
that alternate periods of cheerfulness  
and anxiety must be endured for some  
time to come.

### CLEVELAND FIGURES

By Associated Press Dispatch.  
Cleveland, O., April 17.—Official  
figures on this city's subscriptions to  
the third liberty loan up to last night  
were announced as \$23,134,650 today.  
This represents a gain of \$2,350,450  
over the previous figures and is near-  
ly one half of Cleveland's quota.

### MANY PERISH IN COLLISION OF VESSELS

By Associated Press Dispatch.  
An Atlantic Port, April 17.—  
Thirty-seven lives were lost when  
the American steamship O. B. Jen-  
nings and the British steamer War  
Knight both laden with naphtha and  
inflammable oils collided off the  
British coast on March 24, accord-  
ing to members of the crew of the  
O. B. Jennings, who arrived here today.

All who perished with one ex-  
ception were on the British ves-  
sel. They were burned to death  
by blazing gas and oil.

The destroyers went to the res-  
cue through a field of blazing oil  
and took off the crew of the Jen-  
nings. A number of the crew of the  
American ship, however, were  
badly burned and had to be remov-  
ed to hospitals after being landed.

### SUBSCRIPTION NOW NEARS BILLION MARK

By Associated Press Dispatch.  
Washington, April 17.—Sub-  
scriptions to the third Liberty  
Loan as shown in reports to the  
Treasury today now total \$931,-  
156,050. The first day's business  
for the Minneapolis district where  
campaigning began Monday show-  
ed \$25,000,000.

Reports today told of a great  
flood of small subscriptions from  
people of moderate means.

### BOLO PASHA PAYS PENALTY FOR CRIMES

Notorious Traitor Executed by  
Firing Squad in Forest of  
Vincennes Early Today.

With Eyes Bandaged by Lace  
Handkerchiefs the Spy Dies  
Without Struggle.

Several Bullets Pierced His  
Head.

(By Associated Press Cable)

Paris, April 17.—Standing be-  
fore a firing squad in the forest  
of Vincennes early today Bolo  
Pasha, condemned traitor, lost en-  
tirely the attitude of indifference  
he had maintained subsequent to  
and during his trial. When the or-  
der to fire was given the rifles  
spoke and Bolo crumpled up with  
several bullets in his head.

Escorted by guards he left the  
prison 45 minutes before his exe-  
cution. After leaving the auto at  
Vincennes he listened to the ex-  
hortation of a prison chaplain. Then  
his eyes were bandaged and he  
went without a struggle to his  
place.

The Chaplain after the execu-  
tion found two embroidered hand-  
kerchiefs over his heart which  
had been pierced. One was given  
to his brother and the other to  
his widow.

### HEAVY MAN

By Associated Press Dispatch.  
Columbus, O., April 17.—Chas. K.  
Nugent, 38, widely known for his  
weight of 585 pounds, who conducted  
a cafe here for ten years, died of  
heart failure last night.  
He had been ill a week. Nugent's  
body will be sent to Marietta for  
burial.

WITH YPRES REGION MENACED BY CONTINU-  
ED ADVANCE OF THE GERMANS ON THE  
LYS BATTLE FRONT THE BRITISH HAVE  
BEGUN TO WITHDRAW FROM THEIR AD-  
VANCED LINE WITH THE RETROGRADE  
MOVEMENT. APPARENTLY, PIVOTING ON  
THE WYCHAETE SECTOR.

BRITISH NOW ON OLD 1917 BATTLE LINES  
CRITICS SEE NO DANGER IN WITHDRAWALS  
LINE AS A WHOLE PROMISES TO HOLD HUNS

GERMANS HAVE FAILED UTTERLY IN PUR-  
POSE TO COMPEL BRITISH TO DIVERT RE-  
SERVES FROM THE SOMME BATTLE FRONT.  
OBSERVERS AGREE THAT WHOLE BRITISH  
STRENGTH HAS NOT YET BEEN REVEALED.

(By Associated Press Dispatch)

With the Ypres salient in southwestern Belgium menaced by the  
continued advance of the Germans on the Lys battle front immedi-  
ately to the south the British have begun to withdraw from this advan-  
ced line. The British forward positions east of Ypres have been given  
up and a new line to the west occupied. The withdrawal was carried  
out in perfect order without interference.

Apparently the retrograde movement is pivoting on the Wytcha-  
ete sector where London today reports a successful counter attack  
carried out on the Germans, who yesterday captured the town near  
the highest point of the easterly Messines Ridge and who presumably  
pushed out somewhat beyond the town. They are unofficially report-  
ed as having advanced to St. Eloi, 6 miles south of Ypres. St. Eloi  
is on the old battle line as it existed before the British began their  
offensive last year.

This may be an indication that the British retirement to the line  
of the spring of 1917, although such a withdrawal would include the  
abandonment of the entire Passchendaele position as well as the Mes-  
sines Ridge area from the greater part of which they have been driven  
in the present battle. It would leave the town of Ypres still in Brit-  
ish hands. There seems no danger at present of a retirement on any  
much larger scale than this on the northern end of the Franco-  
Belgian line as the result of the recent German successes.  
The line as a whole appears likely to hold as long as the railway  
communications supporting it are intact. Apparently the security of  
these communications has been provided for by massing large forces  
in the northwesterly sector of the Lys sector.

The German objective here is Hazenbruck, the important rail-  
way junction about four miles beyond the point of the farthest attack  
westward. A British counter attack last night indicated the strength  
of the British line in this vital sector. It resulted in driving the Ger-  
mans from the town of Meteren a mile and a half west of Bailleul  
which they had entered.

The Germans are still hammering the British line north of  
Bailleul while to the northeast they are reported to be close to Mt.  
Kemmel. The British now seem able to deal with them along the  
Bailleul-Wytchaete line however, and the repulse of repeated at-  
tacks with terrific losses to the enemy are reported.

The present attack in Flanders does not seem to have diverted  
material British reserves from the Somme battle front, as the Ger-  
mans expected, and such operations as are occurring to the south-  
ward of Arras reveal the British strength.

### BRITISH MAKE RECAPTURES

London, April 17.—(Associated Press Cable)—The British have recaptur-  
ed Meten on the northern battlefield in a counter attack, it is announced  
officially. The British position before Ypres has been withdrawn to a new  
line. South of Arras the Germans were driven out of the British trench  
into which they had forced their way.

Early this morning German artillery became more active south of the  
Somme. The British made successful attacks in Wytchaete. Repeated  
German attacks north of Bailleul were repulsed, the Germans suffering heavy  
losses.

### HEAVY FIGHTING LAST NIGHT

Paris, April 17.—(Associated Press Cable)—Heavy artillery fighting oc-  
curred last night on the principal battle front between the Somme and the  
Oise rivers, the war office reports.

### ST. ELOI FALLS TO GERMANS

London, April 17.—(Associated Press Cable)—According to an Exchange  
Telegraph dispatch from Paris the Germans have advanced from Wytchaete  
as far as St. Eloi and also have a grip on the southern slope of Mt. Kemmel.

### GERMAN FLIER IN PARIS AIR RAID

In one of the recent air raids on  
Paris this German Lieutenant was  
forced to land and later made pris-  
oner. When asked to explain the

captive said: "Let us talk about pho-  
tography. It is more interesting."

### RECORD SIZE SUGAR CARGO FROM CUBA

Four Million Pounds Arrive  
from the "Pearl of the An-  
tilles."

(By Associated Press Dispatch)

An Atlantic Port, April 17.—Nearly  
4,000,000 pounds of sugar, said to be  
a record cargo from Cuba, arrived  
here today in the hold of an American  
vessel. The captain said great quan-  
tities of sugar are awaiting cargo  
space at Cuban ports, and it is un-  
derstood here that some of the Dutch  
vessels recently taken over by the  
Government will be used for its  
transportation.

he now takes.

Czernin has been in the foreign office.  
Baron Burian took the place of Count  
Berchtold as foreign minister in 1914.

## FRANK ROWAN IS SERIOUSLY HURT IN OVERSEAS DUTY

Thrown from Horse While on Duty March 17, and Skull Is Fractured—Will be in Hospital Many Weeks.

Frank Rowan, of this city, brother of Misses Lulu, Nell and Naomi Rowan, is in a hospital somewhere in France suffering from a fractured skull, the result of being thrown from a horse presumably while under fire in France.

Word of the young man's injuries reached the Misses Rowan Wednesday morning, in a letter from Major J. Edgar Rowan, brother of the injured youth, which stated that the accident occurred on March 17th and that Frank is now in a hospital where he will probably remain for several weeks. His early recovery was expected.

The young man probably holds the record in Ohio of reaching France in the shortest time after enlisting in the service, about three weeks elapsing from the time he enlisted to the time he first set foot on French soil.

Frank enlisted in the 149th Field Artillery, Medical Division, in which his brother had previously enlisted. His enlistment was made in Chicago to which place he had gone to visit his brother.

The injury, according to the letter from Major Rowan, consists of a fracture at the base of the skull.

## CONFIRMATION SERVICE ST. ANDREWS CHURCH

One of the most beautiful and impressive services ever held in St. Andrews church was the one Tuesday night when at evening prayer the Bishop-Coadjutor of Southern Ohio, the Rt. Rev. Theodore Irving Reese, confirmed the class of eight persons presented by the rector.

Promptly at 7:30 the full vested choir passed across the lawn and entered the front door of the church to the notes of "The Church's One Foundation," marching through the church in a triumphant procession with the Cross and the Flag leading the way. The church and sanctuary were beautiful in the white and gold of the Easter season, the high altar in purest white with gleaming candles casting their glow upon a wealth of flowers.

The Bishop in his sermon, based upon the Savior's words: "I am come that ye might have life more abundantly," dwelt upon the thoughts of the power of an endless life. That the life begun here is a life which is to continue forever and that all which keeps and develops the life on earth makes the life and identity of the individual more complete and more productive of good. That the one great thing in life is service and whether the life be stretched over the span of three score years and ten or whether it goes out as millions of lives do today, in the vigor of youth, the use of that life is the service it has rendered. And the men who are today laying down their lives for humanity are fulfilling the purpose of their destiny for "greater love than this hath no man, that a man lay down his life for his friends."

After the sermon the class was presented at the altar rail and the Sacrament of Confirmation was administered to Mrs. Anna Bush Coffman, Mrs. Lillian Johnson, Dr. Roy Brown, Miss Virginia Hays, and Messrs. Wendell Hays, Justin Evans, James Dice and Clark Kershner.

## WORK OVERTIME ON WAR CHEST

The main committee of the Fayette County War Work Council, who were delegated to formulate detailed plans for the big war chest drive to be conducted in Fayette county beginning May 20th, is now working night and day on plans for the big campaign, and have made substantial progress.

Nightly meetings are features of the committee's work at present, to say nothing of the work being carried on during the day time. Committees are being named and plans made for every phase of the drive, and these plans include a personal visit to each district in the county for a meeting with the workers so that all arrangements may be complete and everything done to prevent a hitch in any district.

A percentage of the income of each individual will probably be asked for big war fund and no refusals from loyal citizens are expected. Much the same plan will be followed in this county as in Columbus, and other points, so that a few persons will not bear the burden of the war chest, but it may be equally distributed upon all.

**Our Banks**

State Superintendent of Banks Phillip C. Berg, in a very readable and exhaustive review of the condition of the state and private banks of Ohio, discloses that the Buckeye banks, exclusive of the national banks, have resources now amounting to over nine hundred and eighty-eight million dollars—nearly a billion.

Necessarily, the review of Superintendent Berg is composed largely of figures and while the figures of resources are of such size as to warrant a just feeling of pride in the wealth of our banks that's not the big thing which the review brings to the forefront.

We are, in these days, accustomed to big figures and nothing in that line is very startling.

The big outstanding feature is the fact that all our state banks are under control and direction of the authorities so that these vast resources are clean and available now when we need them most.

For more than a decade past the people have been moving toward official supervision of the banks—state and private—until now almost every state in the union has brought its banks under the same supervision that the national banks have enjoyed for years.

We wonder, sometimes, if the people realize what a powerful cog in the war machinery of the nation our national, state, private and reserve bank systems furnish. It is not difficult nor pleasant to imagine what turmoil and lack of coordinated financial effort would have resulted, had the tremendous financial strain imposed by the war, fallen upon us during the time the old slip shod, no supervision, no control methods were in effect.

People here in Fayette county have had a wonderful exhibition of the efficiency and patriotism of financial institutions—their willingness to do and their ability to do. Under present laws everything is available—resources of banks now days mean that bankers can bring instantly to the aid of the government all that vast wealth of the nation.

Fayette county has been put in the honor rank and kept there by the bankers, and what is true here is, largely, true everywhere in the country.

That's the big thing in Mr. Berg's report—it's in between the lines.

It's the story of the progress of a people toward the proper goal, the reason for which is clear enough in the developments of later years.

**Doing Your "Share."**

Cartoonists have very frequently in connection with the drives for the sale of liberty loan bonds pictured the smug individual compacently announcing that he has already done his share—he purchased one of the first issue bonds or one of the second issue bonds—therefore he is immune from request to purchase any of the third issue or any of the subsequent issues which may be made. Many editorial writers, too, in urging the purchase of liberty bonds, are pleased to, verbally, paddle the same smug individual.

We believe that very much cartooned and written about individual, at least in reference to the liberty bond purchases, is almost entirely mythical. It is difficult to believe that any individual capable of living understandingly under the American flag could have any such thought as that. But almost anything is possible these times and whatever may be the case with reference to the liberty bond sales, we all know that there are not a few individuals who actually think, having participated in some one of the many war activities, that they should be excused from all other work—that they have done their share.

That's all wrong—just as wrong as it can be.

In the first place, this tremendous war work of America is not divided into "shares." It couldn't be even if there was someone to divide it, and there is no one to divide it. The only way the work can be done is for every man, woman and child in America to do all they can. If there are some who fail to do all they can that makes the burden just that much heavier on those who will and do work.

The boys at the front give their lives—that's everything. The folks at home who can't go to the front no matter how much they do or how much they give or how many bonds they buy can't give a "share" equal to the "share" the boys are giving. The only thing they can do is to do every possible thing they can do without regard to what anyone else is failing to do.

We are getting away from this "do your bit" saying and it's well that we are. There is no "bit" for anyone to do. It is to do all possible for human hands and human mind to do. Our part of the work is only measured by the limit of our ability to work and give.

 Though you have raised the old barbaric battle cry,  
 And seared your lurid shame's bold brand  
 Deep into the quivering flesh of earth,  
 And bruised the sky  
 With devil's music, still you stand  
 Without our hate to clothe you, Hun!  
 But, God we hate what you have done.

We do not hate you, Hun!  
 We hate your work in fields laid waste to tell  
 In coming years where Germans passed;  
 Not longer than your record shall the walls of hell.  
 Whereon 'tis writ in fire last;  
 Your children, while the ages run,  
 Until the last accounts are cast,  
 Shall writhe within the web you've spun.

We do not hate you, Hun!  
 We hate your lies, your lust, your cry  
 That might makes right,  
 Your thirst for power at honor's price,  
 Your plot to quench our civilization's holy light.  
 The "God's will" in your loaded dice;  
 Your hate for peace beneath the sun  
 We hate—but do not hate the Hun!

We do not hate you, Hun!  
 Your God denying, God defying coward creeds  
 The very stars in Heaven hate;  
 You have poured full your cup of shame and from your deeds  
 Shall spring the harvest of your fate—  
 Though murdered millions one by one  
 In heaven's high court without abate  
 Cry out, we do not hate you, Hun!

We do not hate you, Hun!  
 Save as we hate the Serpent that in Eden wrought  
 The downfall of the parent pair,  
 Your arts of desolation and destruction brought  
 Not less of woe to free and fair  
 And peaceful peoples, Hun—and so  
 For justice's sake we shall not spare  
 Until your House of Sin lies low!

**Get at the Real Cause—Take Dr. Edwards' Olive Tablets**

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.  
 Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.  
 If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.  
 Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.  
 Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

## Social and Personal

The women of the "Happy Go Lucky" club were indebted to Mrs. James Hays, Mrs. E. A. McCoy and Mrs. Walter Hays for a day red lettered in its pleasure Tuesday when the three hostesses entertained with a "Cafeteria dinner".

The home of Mrs. James Hays was radiant with spring blossoms and potted plants a beautiful water garden of hyacinths and tulips especially admired.

The dinner, served in the most up-to-date cafeteria fashion, delighted the guests, both in its array of tempting viands and in its novelty.

The number of delicacies prettily arranged for self serving on the long tables offered a big variety of choice and all the season's special treats.

The guests showed full appreciation of the feast.

Following the dinner the hours passed in congenial sociability. There was an informal program to which Mrs. J. A. Edge and Mrs. Pope Gregg contributed readings; Mrs. Ralph Allen and Miss Annette Stafford piano renditions and Mrs. Nye Gregg and daughter, Mrs. Corinne Larrimer, vocal numbers.

Twenty-four women participated in the affair. In addition to the club members present there were Mrs. Tom Hare and Mrs. Bales, from Westerville; Mrs. J. R. McCoy, of Bloomington; Mrs. J. E. McLean and Mrs. Earl R. Barnett.

Honoring their son, Ralph Hays, who was home over the week end from Camp Sherman, Mr. and Mrs. James Hays, entertained Misses Frances Merriweather, Margaret Johnson and Robert Merriweather at an informal dinner.

Young Hays, who is in the Machine Gun Battalion, has finished the ma-

chine gun course and is nearing the completion of the Remount course.

Fifteen girls of the Stinson store were charmingly entertained at a Kensington Tuesday evening by Mrs. Harry Kingsbury. The girls were former closest intimates and associates in the Stinson store of Miss Carrie Kingsbury, and between whom and the mother exists a very close companionship.

The evening was one made thoroughly pleasurable by Mrs. Kingsbury a most hospitable hostess. A number of musical selections added enjoyment.

An elaborate three course luncheon was served, the hostess assisted by Misses Bertha Sommers, Lela Donohoe and Mary Cutting.

The guests included: Mrs. Logan Buzie, Misses Lela Donohoe, Ruth Donohoe, Carrie Gross, Margaret Tilton, Clara Davis, Bertha Sommers, Grace Mae, Tillie Cockeril, Laura Smith, Florence Radcliffe, Clara Conn, Mrs. Wm. May, Mrs. Jennie Clark, Mrs. W. B. Hershey.

The Senior Class Play, "If I Only Had a Million," to be put on Friday night at the High School Auditorium, promises an evening of rich entertainment. Rehearsals are progressing well under the splendid coaching of Miss Beulah Harbison and Mr. Chauncey Pyley, who will be remembered as having put on the delightful Junior play of last year: "All on Account of Polly."

Friday night's play deals with an interesting family, who are raised from straitened circumstances to wealth by the comfortable little legacy of a million dollars.

The social aspirations of "mother," combated by father with socialistic tendencies and a decidedly democratic daughter, are developed with much cleverness, and highly spiced with amusing situations.

The dominant interest is the intrigue to separate the daughter from her humble lover in order to make for her a brilliant match.

The way the henpecked husband (a role in which David Porter will star) comes out on top will be especially enjoyed. Miss Bernice O'Brian and Miss Helen McKee are taking their parts as the ambitious mother and beautiful daughter extremely well; and the other roles will be ably taken by Miss Marie Bateman as their landlady, her son Eddie, Arthur Lewis; Mrs. DeLacy, of the smart set, Miss Wanda Mae Norris; Jean, her daughter, Miss Nell DeWitt; Edward Evanson Garland, a clergyman, Clark McDole; Lord Ferdinand Rainsford, a fortune hunter, Dwight Ireland; Adam Mertens, a socialist, William Markley; H. A. Vanderlip, attorney, Cyril Moore; William, an English servant, Mallow Hall; Nanette, a French servant, Miss Ruth Hagler, and a number of socialists.

### FARMERS HURRY FOR SEED CORN

It was a genuine bargain sale rush at the McDonald elevator at the head of North Main street and Paint street Wednesday morning, when the work of distributing the 735 bushels of Pennsylvania seed corn was started. Before six o'clock Wednesday morning the farmers were beginning to arrive after the seed corn ordered from the shipment sometime ago, and within a short time there was a genuine jam as automobiles, wagons and other vehicles assembled about the office of the firm.

The eagerness shown by the farmers was about the best evidence that has yet come to light to indicate the seriousness of the seed need in Fayette county and the large number of persons who have not yet obtained sufficient corn.

The corn was disappearing rapidly and will soon be exhausted. The next shipment comes within the next ten

### AUCTION BEGINS AT SEVEN TONIGHT

The Red Cross auction at the Pythian castle, to which the public is invited, will start promptly at seven o'clock tonight in order that the large amount of goods may be disposed of during the evening.

The auction will be conducted along somewhat different lines than before, the bidders being given an opportunity to get nearer to the auctioneer by removal of the chairs from around the stand.

The event promises to be one of more than ordinary interest.

### WORK ON FACTORY AT JEFFERSONVILLE

Work on the Sears Canning plant at Jeffersonville is under way, the lot having been staked off and the work of assembling the material started. It is expected that within a comparatively short time the plant will be erected and that equipment will be installed in plenty of time to handle the more than 1,000 acres of sweet corn which the farmers of Jefferson township have pledged for the first year.

An eight inch well has been driven to a depth of 112 feet in order that the water supply will be abundant and pure.

### GHOST WAS REAL TO THIS SMALL BOY

While "The Seven Keys to Baldpate" was showing at the Wonderland, Tuesday night, a lad of some four years was occupying a seat in front of his mother, and apparently was enjoying the picture as much as anyone.

However when "the hermit" garbed as a ghost, appeared coming out of the darkness on the screen, the youngster took just one look and then jumping from his seat he hurriedly retreated to the side of his mother, amid the laughter of the audience.
